Message

It is with pleasure and pride that I present to you DTI – XI's accomplishments and milestones in 2019.

The year 2019, had been the usually challenging and exciting year for DTI Davao with new programs and projects being implemented. We were able to implement several initiatives and interventions enabling businesses to expand, innovate, and grow, as well as empowering consumers.

We were also able to reach more far-flung barangays including those considered as Geographically Isolated and Depressed Areas (GIDAs) where we bring the services of DTI and assisted special sectors such as the indigenous people, youth and women sector, senior citizens people with disability, and former rebels. We had also distributed livelihood starter kits to microenterprises who were affected by natural and manmade calamities and disasters.

To strengthen our MSMEs' presence in the local trading arena, we conducted and facilitated various trade fairs. Likewise, we launched the Go Lokal! Store and OTOP Hubs to provide our local entrepreneurs a regular shop where they can showcase and sell their products.

Our trade promotion had been expanded through participation in different international trade shows to access a wider market. Our MSMEs generated a total sales value of Php42M or US\$805,795 during the China-ASEAN Expo (CAExpo 2019) in Nanning, China. And our participation in South Korea's COEX Food Week recorded a total sales value of Php12.05M or US\$241,142. We also assisted a total of 145 exporters.

Aside from these trade promotion efforts, our involvement in the Brunei Darussalam, Indonesia, Malaysia, Philippines – East ASEAN Growth Area (BIMP-EAGA) was fruitful in 2019 as well. We hosted the 7th Trade and Investment Facilitation (TIF) Cluster Meeting and BIMP-EAGA Business Forum cum Business Matching. During this occasion, two business Memorandum of Understanding were forged between the Philippines and Malaysia. It was also a momentous occasion for us with the turnover of the chairmanship of the BIMP-EAGA Trade and Investment Cluster to the Philippines.

It was also towards the last quarter of 2019 when the Garuda Airlines of Indonesia opened a direct air link between Davao and Manado (North Sulawesi, Indonesia). To take advantage of the opening of this air route, DTI partnered with the Mindanao Development Authority (MinDA) bringing around 60 businessmen to Sulawesi, Indonesia for a Mindanao Trade and Business Mission.

In terms of industry development, we provided interventions to our priority industry clusters – cacao, coffee, wearables, coconut, bamboo, banana, palm oil, aquaculture, and mango.

Collectively, these clusters contributed 9,813 jobs, Php289.06M investments, Php510.38M domestic sales, and US\$17.20M export receipts.

On investment promotions and facilitation, we assisted around 117 investors. Furthermore, we continued with our efforts to support our local government units (LGUs) crafting their investment incentives code and promoting investments in their areas.

On MSME development, we assisted a total of 22,025 entrepreneurs throughout the region. Our package of assistance were facilitated through our 51 Negosyo Centers (NCs), located in each of the city and municipality in Davao Region. The Negosyo sa Barangay (NSB), Kapatid Mentor ME (KMME), Shared Service Facility (SSF), and Trabaho, Negosyo, Kabuhayan (TNK) were fully mobilized, to deliver the array of related services to our MSMEs and consumers, as well.

On trade regulations and consumer protection, we issued 3,147 permits and licenses, and 22,676 business name registrations, monitored 150 firms, resolved 142 complaints through mediation and adjudication, and collected Php700,905 in penalties.

We, likewise, intensified our consumer education and advocacy initiatives through the 404 seminars conducted, both for consumers and retailers. Under the Bagwis Program, which gives recognition to businesses that uphold the rights of consumers, forty-four (44) establishments were awarded Bagwis Seals - 24 were gold, 12 were silver, and 8 were bronze.

For the year, 10 Presyo Diskwento Caravans were organized benefitting 21,460 consumers who availed of basic necessities and prime commodities at discounted prices.

Internally, we worked hard to maintain our ISO 9001:2015 Quality Management System certification. This helped us continuously improve/standardize our ways of service delivery and become more responsive to the needs of our clients.

The details are presented in this Annual Report.

All these accomplishments would not have been achieved without the commitment and hard work of the members of our DTI Davao Team and the support of our DTI family - the Regional Operations Group, other DTI groups, and bureaus and the Office of the Secretary, as well as other partners, both government (national and local) and private sector groups. We then take this opportunity to extend our gratitude and appreciation to all of them for the meaningful and fruitful partnerships and collaboration making us a stronger, better, and more relevant organization in economic development.

And above all, to God Almighty, who provided us the strength, the ability and opportunity to serve and who made all these possible for love and service of our fellowmen and our country - to HIM be the glory forever!

Mabuhay!

Trade Promotion

The DTI-XI continues to provide support to MSMEs through trade promotion facilitation. This program has consistently provided avenue for MSMEs to promote new and improved products to consumers, search for potential business linkages, future collaborations, and opportunities.

In 2019, Davao Region had participated once again in two of Asia's largest international trade fairs, the China-ASEAN Expo (CAExpo) in China and COEX Food Week in South Korea.

China-ASEAN Expo (CAExpo) September 20-23, 2019 | Nanning, China

The CAEXPO is an exposition organized by the Peoples' Republic of China together with ASEAN-member countries in support of the China-ASEAN Free Trade Agreement. It was a platform to showcase the Philippines as a viable source of quality products and services as well as to promote goodwill with the Chinese government at different levels in trade, tourism, and investments.

Participating local MSMEs:

- Ahya Foods Corporation
- EXL Life and Herbs Pharmaceuticals
- EPL Cacao Products
- MS3 Agriventures Corporation
- Happy Tummy Foodstuff
- Eng Seng Food Products
- Benevelle Corporation

Generated total sales: Php42M (US\$ 805,795)

- Top selling products include herbal liniment and supplement, canned coconut juice, dried durian, and different-flavored chocolate products.

Other highlights:

During the B2B activities initiated by the Export Marketing Bureau (EMB), the following significant results were noted:

- The EXL Life and Herbs Pharmaceuticals, a first-time exhibitor, gained wide market acceptance in terms of sales and number of inquiries. It even received an invitation to visit Guangxi Province to display some of its products at Nandamen Cross Gate Border in Nanning, China along with other famous brands on October 25-28, 2019.
- The two chocolate companies, EPL Cacao Products and MS3 Agriventures, captured the approval of the Chinese millennial and matured buyers as their products suited their taste preferences
- The chocolate-flavored juice of Ahya Foods Corporation was a hit to institutional buyers.

COEX Food Week

November 20-23, 2019 | Seoul, South Korea

The Coex Food Week 2019 was one of the most anticipated international exhibitions in Seoul, with as much as 25% of the total exhibitors were from overseas. Bannering the theme "Farming Our Future", the fair/exhibit highlighted fine and organic food, bread and bakery, food technology and equipment, and culinary and lifestyle products.

Many representatives from major food service industries, such as prominent supermarkets, convenience stores, department stores, food services, online/offline distributors, and trading companies, came together in search of high-quality food products.

Participating local MSMEs:

- See's International Food Mfg. Corp.
- Ayana's Siling Kinamayo

Generated total sales:
Php12.05M (US\$ 241,142)

Other highlights:

Established network with equipment suppliers and had purchased three testing apparatuses for chili processing

- Received inquiries on steamed saba banana and organic pineapple juice from two foreign buyers

Apart from international fairs, the region had participated in various national and regional trade promotion events to enable MSMEs to become more competitive.

These engagements generated total sales of Php 161.94M, which were participated by 611 exhibitors in Davao Region.

DTI-XI and DICT-XI jointly launched the Technology Empowerment for Education, Employment, Entrepreneurs and Economic Development (Tech4Ed) Centers in Davao Region. In 2019, a total of 14 centers were established.

Each Center has a computer desktop installed with 8 feature segments namely, eHealth segment, GAD segment, eEduSkills, eAssist, eAssess, eAgri, eMarketplace, and eGovServ that aim to provide digital literacy to MSMEs and further boost ICT programs and services in the community. These centers are housed in some strategically located Negosyo Centers where MSME traffic is high.

BREAKTHROUGH GOAL

Negosyo Serbisyo sa Barangay

The Negosyo Serbisyo sa Barangay (NSB) is a flagship program of the agency under the Duterte administration. This aims to help entrepreneurs in poor barangays belonging to the 4th to 6th class municipalities or those considered under the Geographically Isolated and Disadvantaged Areas (GIDAS).

During the launching ceremonies, selected barangay officials and MSMEs signed their pledge of commitment to support the economic activities in their area. Partner government agencies including the Philippine Coconut Authority (PCA), Philippine Health Insurance Corporation (PhilHealth), Department of Information and Communications Technology (DICT), and, Technical Education and Skills Development Authority (TESDA), as well as financing institutions, such as SB Corporation and BDO Network Bank also provided various services. Likewise, buy-in sessions together with the barangay officials and indigenous peoples' chieftains were conducted to those identified GIDAS under Executive Order No. 70.
